Did you know that every home in the U.S. is eligible to order a 3rd round of free, at-home COVID-19 tests? With the omicron variant circulating so widely, it's a good idea to have a supply of tests at home for you and your family. If you've been exposed to someone who has the coronavirus or if you have symptoms that could be COVID-19, you can test in the privacy of your own home. Here's the link to order online: https://www.covid.gov/tests.
You can also call 1-800-232-0233 (TTY 1-888-720-7489).
